

Resume - ML Meiring

Marc Meiring was born in Cape Town on 27 March 1977. He started school in Vanrhyndorp in 1982 at the age of 5 years old. He matriculated at Kathu Highschool in 1994. In 1995 he started working at Iscor Mining as an operator. His eagerness to learn and excel in life was soon realised as he was promoted regularly. He served and gained experience in many different mining sectors. Whilst working during the day he continuously enrolled for different studies to broaden his horizons. He completed his N6 Computer Practice at Kathu Technical College in 1996. In 1997 he completed N4 Maths. In 1999 he was head hunted and offered a job as a sales representative at Debt-Sure Administrators. He became very successful in this roll. He continued to become branch manager and later national sales manager for this company. The company became a market-leader in the industry it served.

In 2000 he enrolled for a National Diploma in Information Technology at the Pretoria Technicon. He attended evening classes and completed his studies in 2003.

In 2005 he contracted a company to build a house for him and his wife. The builder built the shell of the house and took off with R 476 000.00. Having suffered a great financial loss and no funds to contract a new builder he decided to complete the house himself. He completed the necessary exam with the NHBRC and registered Jesmarann Building Construction and supplies.

He completed the house in 2006 and sold it to cover his losses. He then pursued the opportunities the industry had to offer and focusses on building speculation houses. Although it was never his intention to offer the services of Jesmarann to the public he received enough requests from public to justify the existence of such a company.

In 2009 he was approached by a group of investors to join them and start a new debt recovery company called Lexmed Debt Management. Marc served as director and operational manager for this company which also became very successful.

In 2013 Marc and his family relocated to Langebaan. Marc opened a Jesmarann branch in Langebaan. In 2018 he opened another branch in St Helena Bay. Jesmarann Construction excelled in the area and became known for its high level of ethics and transparency. Jesmarann has completed more than 60 projects since then all over the West Coast. The company is well-known in the West Coast and offers job to many locals. It also compliments 11 permanent staff.

In 2018 Marc also continued with his endeavours in the debt administration industry and opened a new one called Colmed Debt Administration (Pty) Ltd. The company is also very successful and complements a staff of 22 permanent employees. Another company was opened in 2019 in the form of a joint venture with a medical company called Xpedient. This call centre is also in Langebaan.

Marc is in the process of opening yet another software development company. The company will focus on developing software specific to the building industry.

In summary, Marc is an entrepreneur with many successful companies and a passion for the building industry. He can provide plenty references of his character, business ethics and tact.
